eve

is an elegant and refined on-wall mounting frame for the complete iPad family and iPod touch. As smart home systems today are more and more controlled with iPad, Eve is the perfect solution to secure the iPad in style on the wall. Eve is simple in design, installation and use.

Eve Air
brushed black
rounded cover

Simple in design

Eve, the ultimate iPad frame, embraces the iPad or iPod and turns it into an amazing on-wall touch screen, while fully respecting its design. The entire frame is precision machined out of a single block of aluminium and is available in various high-quality finishes such as brushed aluminium, brushed black and satin white.

Eve for iPad is available with a rectangular or rounded cover while Eve touch is only available with a rounded cover. This cover hides unsightly cables and connections.

portrait or landscape orientation

puck USB charger

installation frame using 2 screws

compatible with Lightning connector

Simple in installation

Eve is easily mounted on the wall using two screws. It can be positioned in portrait or landscape orientation.

The iPad/iPod can be permanently charged using an iPad/iPod charger (220V) or the puck USB charger (24V). The puck USB charger is a small device that is hidden in the single gang wall box behind the iPad or iPod.

The puck is connected to the iPad or iPod, so the battery is constantly charged and the device is always ready to use. The Eve cover hides unsightly charging cables or connections.

Simple in use

As smart home systems today are more and more controlled with iPad, Eve is the perfect solution to mount your iPad in style on the wall. For commercial applications like retail and hospitality, Eve is available with security cover. By means of a small tool, the iPad can easily be unlocked and removed again.

Collection & finishes

Eve is compatible with iPad and iPod touch.

There is an Eve collection for iPad Air 1 & 2, iPad mini 1 to 4, iPad Pro and an Eve touch collection for iPod touch 5 & 6.

All Eve frames are available in various high-quality finishes: brushed aluminium, brushed black and satin white.

Eve for iPad is available with a rounded or rectangular cover, featuring security option. Eve touch has a rounded cover.

Eve touch
brushed aluminium

Eve touch for iPod touch 5 & 6

iPod touch is a handy replacement for the larger iPad tablet, in rooms where only a small screen is needed. Eve touch is available in the same finishes as the other Eve frames. The installation of this frame is very simple, as only two screws and a US single gang wall box are needed. Eve touch can be equipped with a puck USB charger, which ensures that the iPod remains charged and is always ready for use. No unsightly cables or connections are visible.

Dimensions

Set: 138mm/5.43" x 60mm/2.36" x 9mm/0.35"

Table base for Eve Air & Eve mini

The table base for Eve Air and Eve mini supports these elegant frames and can be installed on a table or desk.

This accessory leads to more ease of use and can be used in both residential and public applications. It serves as a perfect solution for hotels or restaurants at the reception desk or as a publicity screen. Of course, this table base can also be very handy as an extra screen in your kitchen or living room.

The table base is machined out of high-grade aluminium and is available in two finishes, each optimised for either portrait or landscape orientation of the iPad.
